The Holocaust and Our Search for Meaning *Discussion with* **Dr. Dan Leshem**

Holocaust Scholar and Executive Director at Hillel at FSU

As we mark 76 years since the liberation of Auschwitz, why is it that antisemitism and Holocaust memory remain ever-present in our daily lives? Will the past ever end? How can we move forward? Utilizing survivor testimony, we will explore the possibility of living with trauma, making meaning of the past, and finding hope in the future.
